Road Work in progress

1. Gravel has been added to Spur north of CTY D

3. Gravel needs to be added to the new culvert on Smith Dr
4. Gravel is also still needed south of the bridge on Smith Dr
5. County is recommending that we increase the size of the turnaround on Johnson, Brooks and Schiltz drives.
6. Steve is still working on the application for the Trid Project
7. Steve got a call from the engineer who was working on the grant for Spur road wanting to know if we were still interested in applying again for that project.
8. Emery worked with Pat Harder at the county regarding the children at play sign. It was suggested that the residence need to put the sign in their property.
9. Emery also talked to the country regarding getting a speed limit sign for the spur. That road is too narrow to stripe. So at this time we will need to keep this road unposted. It seems that this road is being used as a short cut road to get to Hwy 73.
